GENERAL MANAGER LETTER

Hello to everyone,

I am the new General Manager here at BYSC replacing Jim Thomas. I have big shoes to fill but so far, I have enjoyed getting started with my new role. In my first week here I was welcomed with hurricane Ian that thankfully ended up landing further north of us and avoiding a direct hit on Beaufort. The number of volunteers that showed up to clean up debris from the 30 to 40 mile an hour breezes on that following Saturday morning was truly amazing. By about 10 am you could not even tell that a storm had rolled through the previous day. That showed me that I can rely on the membership to help when anything is needed. Thank you to all those that took time to come out and care for the property. Volunteering is an important part of membership at BYSC and it is truly rewarding to get involved. I will be organizing a volunteer workday in November to do some minor repairs and painting so be on the lookout for that event. Many hands make light work.

I have already attended a weekly Sunset Friday that was an Oktoberfest theme and attended one of the monthly Steak Nights. Both were lots of fun, fantastic food, and got a chance to meet several members. There are several events coming up over the next few weeks. Please be sure to check out the calendar on the website to see all the upcoming events. One item that has been added to the calendar very recently is a Costumes and Cocktails theme for the Sunset Friday on October 21st . There will be activities for children and adults. Finally, there will be a couple opportunities to spread some cheer for the holidays. In the past, a Toys for Tots box and an Angel Tree have been placed at the clubhouse. The Toys for Tots Box will be here again this year on November 1 st and the Angel Tree will be here November 12th . Both will give you the opportunity to anonymously provide some holiday gifts to a child that might not otherwise receive any.

I am looking forward to meeting more of the members over the next few months and putting together plans for 2023.

Many hands make light work,
Paul Kowalski
